PROFESSIONAL SUMMARY

Frontend-focused full-stack developer with hands-on experience building React and Next.js applications backed by Node.js and PostgreSQL. Experienced in authentication systems, REST APIs, and deploying production-ready web applications.

EXPERIENCE

Frontend Developer and UI/UX Intern

July 2024 – December 2024

TamrielAGI

Austin, TX

- Built and maintained frontend components using React and JavaScript, translating designs into interfaces.
- Designed UI/UX flows, wireframes, and high-fidelity screens in Figma for responsive web applications.
- Collaborated with backend developers to integrate REST APIs and ensure smooth user experiences.

UI/UX Designer Intern

Sep. 2023 – Feb. 2024

Critter Graphics

Chennai, India

- Designed UI/UX solutions for e-commerce, real estate, and tailoring applications.
- Created wireframes, reusable UI components, and visual guidelines.

PROJECTS

Job Application Tracker | *Next.js, Node.js, Prisma, PostgreSQL*

Ongoing

- Built a full-stack job application tracker with CRUD operations, status management, and application history.
- Implemented JWT authentication with refresh tokens, protected routes, secure HTTP-only cookie sessions, password reset links, and email verification functionality.
- Dockerized and self-hosted the full-stack application on an Ubuntu Linux server, configuring Nginx as a reverse proxy and PostgreSQL with persistent storage using Docker Compose.

MoodSwings – AI Music Recommendation Platform | *Next.js, FastAPI, Redis*

Oct 2025 – Nov 2025

- Built a mood-based music recommendation web application using Next.js and FastAPI.
- Integrated Spotify to generate personalized track recommendations.
- Designed and implemented a modern, responsive user interface using Figma and React.

DevJuice –Tools Discovery Platform | *React, FastAPI, PostgreSQL*

March 2025 – May 2025

- Designed and developed a full-stack web platform for discovering, submitting, and managing developer tools.
- Built a FastAPI backend with PostgreSQL for scalable data storage and tool management.
- Implemented JWT-based authentication, protected routes, and role-based admin access.

FAQ Ai Assistance | *Figma, React*

July 2024 – Dec 2025

- Developed a full-stack AI-powered FAQ assistant using React frontend
- Designed a responsive chat interface in Figma to improve user interaction and accessibility.

EDUCATION

Velammal Engineering College

Chennai, Tamil Nadu

Bachelor of Engineering - Computer Science Engineering; CGPA: 7.93

Nov 2022 – March 2026

SKILLS

Languages: Python, JavaScript, TypeScript
Frontend: React, Next.js, Tailwind CSS, HTML
Backend: FastAPI, Node.js, Express.js, REST APIs, JWT Authentication
DevOps: Docker, Docker Compose, Nginx
Databases: PostgreSQL, Prisma ORM
Design Tools: Figma, Adobe Photoshop, Affinity Photo 2
